

“If we have learned one thing from the civil rights movement in the United States, it is that when you let others speak for you, you lose.”

Working
Together To
Make Big
Changes

Mission

The Mission of Advocacy United is to help move people with disabilities into places of power so that their voices will be heard. The Vision of Advocacy United is that all people with disabilities will live, work, go to school, and be involved in the community where they want, the same as Ohioans without disabilities.

Members of Advocacy United will:

- Advocate for ways to ensure that people with developmental disabilities hold voting seats as legitimate members of their county boards;
- Present training sessions on the National Voting Rights Act and self-advocacy; and
- Produce a video that will show how people with disabilities have the right to live as free productive citizens.
