

NOTICE OF FUNDS AVAILABLE

Summary Information:

- 1) Awarding Agency Name: The Ohio Developmental Disabilities Council
- 2) Funding Opportunity Title: Data and Policy Research Grant
- 3) This is a new announcement.
- 4) This project number is assigned as #18PP05SC18
- 5) This project's CFDA number is #93-630
- 6) All applications for this project are due at 11:59 p.m. Eastern Standard Time on Friday, October 6, 2017. The awarded project is scheduled to begin on January 1, 2018 and run until December 31, 2018.

(a) – This Notice of Funding Availability is being posted on Monday, July 24, 2017. In accordance with 2 CFR, Section 200.203 (b), this award is being posted no less than 60 days prior to the deadline for applications.

(b) Full Text of NOFA

1) Program Description:

The Data and Policy Research Grant is established to support the collection and analysis of data that will provide Council, advocates and policymakers with objective research and findings that promote systemic change and capacity building to improve services and supports for people with developmental disabilities and their families.

The Ohio Developmental Disabilities Council has developed 13 different research topics for applicants to choose from. Applications should be specific to one (1) of the topics and respond to the research questions posed. The research topics and questions for this project include the following:

- i) Health & Wellness
Question(s): How aggressively are we addressing the health and wellness needs of people with developmental disabilities? Is there corresponding impact on student performance based on the lack of, or appropriate availability of, proper health and wellness services and supports to children with developmental disabilities?
- ii) Boards & Commissions
Question(s): What are effective strategies for getting people with disabilities to serve on boards and commissions. Where are opportunities? Who is supporting these efforts?
- iii) Bullying
Question(s): Does bullying impact the ability of an individual to become a leader? How does bullying impact people with disabilities? Are people with disabilities bullied at a greater rate than their non-disabled peers? If they are

bullied, does this affect their ability to become leaders? Does bullying impact a person with disabilities' ability to lead a self-determined life?

iv) Health Disparities

Question(s): Do health disparities exist within populations of individuals with developmental disabilities among different racial and ethnic lines? Are there differences in health outcomes that can be attributed to racial or ethnic differences?

v) Digital Divide

Question(s): Does lack of access to the Internet have an impact on health outcomes? Are there regional or cultural impacts related to the lack of Internet or the availability of extremely slow Internet speeds? How do literacy rates affect health outcomes or health access?

vi) Nominating Process

Question(s): What are the barriers of the nominating process of the Ohio Developmental Disabilities Council? Does the nominating process result in the loss of potential applicants due to reliance on reading or understanding text? Are there auditory challenges? What other barriers might exist?

vii) Challenging Behaviors

Question(s): Does the data show inequities in expulsions for children with disabilities who exhibit challenging behaviors? Is there data that illustrates racial inequalities related to expulsion or law enforcement interventions? What are the long-term impacts of law enforcement interventions in schools or classrooms where appropriate coping mechanisms are not followed?

viii) Inclusion In & Out of Classroom

Question(s): What are the educational outcomes of children with disabilities related to the type of school attended? Are outcomes improved for children on an Individualized Education Plan (IEP) who attend a public school, a private school, a charter school or a county board of developmental disabilities school?

ix) Pathways to Employment

Question(s): Is there an effective pathway to employment or a career for people with disabilities? What does the data show for types of disabilities and higher or lower success rates of employment? What data is available on the longevity or retention of employment of individuals with disabilities and what does the data show? What are the services or supports provided to youth or families prior to the age of 14 that lead to better employment outcomes?

x) Community Integration

Question(s): What are the home-buying options for people with disabilities? What kind of supports are effective at assisting individuals with disabilities to own their own home? How do economic limits required to participate in government programs and services impact the ability of individuals with disabilities to own a home? Do economic restrictions limit home ownership to neighborhoods with higher crime rates?

xi) Economic Power

Question(s): What is the purchasing power of people with developmental disabilities? What is the purchasing power of families of individuals with developmental disabilities? Can a study show the overall economic impact that individuals with developmental disabilities have or may have based on growth in employment options and earning potential? Are there barriers for people with disabilities and family members to obtain credit?

xii) Marriage Penalty

Question(s): How does marriage impact the availability or level of programs and services if a person with a disability marries either another person with a disability (eligible individual) or a person without a disability (non-eligible individual)? Are there incentives or benefits for individuals with developmental disabilities to remain single? Are there incentives or benefits to the government (i.e. in natural supports) to allow eligible individuals to maintain benefits when they marry?

xiii) Assistive Technology – Digital Divide

Question(s): What are the best practices for eliminating the digital divide for people with developmental disabilities? What is the connectivity percentage for Ohioans with disabilities? How are people with disabilities accessing information when they need it? Is reliance on digital technology for information and other purposes creating barriers for individuals with disabilities?

A complete description of this project, known as the State Plan Language, is included as part of the Notice of Funds Available on www.ddsuite.org.

Funding for this project is made available through the Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law 106-402.

2) Federal Award Information:

This is a grant project and will be funded for a period of 12 months, beginning on January 1, 2018 and ending on December 31, 2018. Federal funding for this project will equal \$50,000, with a matching requirement of \$16,667. The source for matching funds or cost sharing on all DD Council projects can be cash or in-kind contributions. Match or cost sharing cannot be derived from federal funds.

3) Eligibility Information:

There are no restrictions on the type of entity that may apply for and receive this award. This includes eligibility for state governments, local governments, Native American tribal organizations, non-profit organizations, for-profit businesses, and individuals.

Pursuant to Section 5123.35 of the Ohio Revised Code, an award may be provided to a state agency that has a representative on the Council, university center of excellence on developmental disabilities, or state protection and advocacy organization under specific

circumstances. Any other organization that includes a representative on the Council will not be considered.

All applications must include matching funds. Matching funds may be cash or in-kind contributions. Statewide projects are required to provide match equal to 25 percent of the total award. Projects located in areas defined as a poverty area are permitted to provide a match equal to 10 percent of the total award. More information about funding restrictions may be found in the following section.

Applicants who cannot comply with the requirements of the DD Council Assurances, which can be found at www.ddc.ohio.gov, will not be awarded.

4) Application and Submission Information:

All applications must be submitted using the online grant submission website known as DD Suite. The website address is www.ddsuite.org. In order to create and submit an application in DD Suite, each applicant will be required to create an account. The creation of an account in DD Suite requires an e-mail address and contact information. More information about how to create an account and submit an application can be found at www.ddsuite.org/TA.

Applicants can request more information about the application by writing to the Ohio Developmental Disabilities Council, 899 E. Broad St., Ste. 203, Columbus, OH 43205.

All applications will be required to include an executive summary, a description of the applying entity's qualifications, a narrative description of the proposed project, a description of efforts to reach underserved communities, a description of efforts to include people with developmental disabilities in the project, a work plan that identifies outcomes, activities for each outcome, timelines and staff responsible for each activity, a detailed budget and budget justification. Each section of the application that requires a narrative description will be subject to the following character limits:

- Executive Summary: 2,500 Characters
- Qualifications: 5,000 Characters
- Project Narrative: 25,000 Characters
- Outreach to Un/Underserved Communities: 5,000 Characters
- Inclusion of Individuals with Disabilities: 5,000 Characters
- Budget Justification: 7,500 Characters

All applications must include three (3) letters of recommendation, the resume of the project director, and the name and addresses of the organization's board members (if the applicant is an organization with a governing board), proof of non-profit status (if the applicant is a non-profit organization) and a signed copy of the Council's Assurances form, which will be available on the DD Suite application website. These materials can be uploaded as part of the application submission in DD Suite.

Successful applicants will be required to submit the following materials with appropriate signatures: a) Standard Terms and Conditions for Executive Order 2011-12K; and b) Standard Affirmation and Disclosure Form for Grants; and c) Federal Funding Accountability and Transparency Act Form; and d) New Vendor Information Form; and e) Federal Form W-9.

All applicants, with the exception of individuals or an entity exempted under 2 CFR 25.110 (b) or (c), or has an exception approved under 2 CFR 25.110 (d), must be registered in the System for Award Management (SAM) before submitting their application and must include a valid Dun and Bradstreet Universal Number System (DUNS) number in the application. Applicants are also required to maintain an active SAM registration with current information at all times that an application is pending or the applicant holds this federal award. The Ohio Developmental Disabilities Council may not make an award to an applicant until the applicant has complied with the requirements of DUNS and SAM. In the case of an applicant who does not meet the applicable requirements of DUNS and SAM, the Ohio Developmental Disabilities Council may award this grant to another applicant.

The deadline for all applications for this project is 11:59 p.m. Eastern Standard Time on Friday, October 6, 2017. The time and date for all applications is recorded electronically by DD Suite and will be considered the acceptable proof of the time and date of submission. Applications submitted after the deadline will not be considered.

Applicants will receive an e-mail from DD Suite, sent to the project director, fiscal officer, and organization director, confirming receipt of the proposal.

All DD Council projects are subject to the following funding restrictions:

- Allowable Project Costs include audits, bonding, books and periodicals, communications, consultant services, fringe benefits, insurance, printing or copying, publications, rentals, equipment, salaries and wages, supplies, taxes, transportation, and travel that is subject to the maximum allowable travel rates permitted by the state of Ohio.
- The following project costs are not permitted: bad debts, construction, contingency funds or savings, entertainment, fines and penalties, organizational fundraising, interest costs, land or buildings, lobbying.
- Funds may not be used to schedule an event or activity that is in conflict with a meeting of the Ohio Developmental Disabilities Council, as provided on the council's website at www.ddc.ohio.gov.

Applications will only be accepted through the online DD Suite website. Information about how to create an account in DD Suite and how to submit an application can be found at www.ddsuite.org. Applicants who experience technical difficulties may contact Paul Jarvis at (614) 644-5545 or by e-mail at paul.jarvis@dodd.ohio.gov.

5) Application Review Information:

Applications for this project will be evaluated by a grant review panel that consists of five (5) individuals: three external reviewers with knowledge of the subject matter and two Ohio Developmental Disabilities Council members. Panel members are selected prior to the issuance of this Notice of Funds Available. Panel members must confirm, by signature, they do not have a fiduciary or pecuniary conflict of interest in the project.

Each panel member will independently review and score each application using the DD Council's competitive review evaluation score sheet. During the competitive grant review, the scores for each project will be collected and tabulated. Low scoring proposals may be eliminated without further consideration or discussion. Following a discussion of any remaining proposals, the review panel may select an application for award. Decisions of the grant review panel require a majority vote of the panel.

Applications may be awarded up to 100 points by a reviewer using the competitive review evaluation score sheet. Each score sheet consists of seven sections and includes a scoring range for each section. The sections of the score sheet have a corresponding section to the application, as follows:

- a. Executive Summary (0-5 Points): Applicants are asked to provide a one paragraph abstract that clearly identifies the goals and major activities of the project. Reviewers are asked if the applicant's response clearly states the goal and major activities of the project.
- b. Qualifications (0-5 Points): Applicants are asked to describe their organization's qualifications to implement the proposed project. Applicants are also asked to include a description of their organization's mission and philosophy. Reviewers are asked to score the project based on the organization's mission and philosophy, experience providing culturally competent services or support to individuals with developmental disabilities and their family members, experience as an advocate on behalf of individuals with developmental disabilities and their families, the knowledge and expertise that qualifies the applicant to successfully conduct the project, the knowledge and expertise of the project personnel, and how many current grants are held by the applicant. Reviewers may also consider the required letters of recommendation and the resume of the project director.
- c. Project Narrative (0-45 Points): Applicants are asked to describe the project and how it will accomplish the outcome statement and how it will achieve the performance targets provided in the project description. Applicants are also asked to describe what strategies will be used to verify data generated by the project. Applicants are also asked to describe what impact the project will have on individuals with developmental disabilities. Reviewers are asked to score this section based on how well the applicant describes methods to reach the outcome statement and performance targets, how effective the strategy the verify data will be, and to what degree the project activities will have an impact on individuals with developmental disabilities.
- d. Outreach to Un/Underserved Communities (0-15 Points): Applicants are asked to identify the un/underserved communities in their project area, to identify which un/underserved population the project will target for inclusion in activities, to identify the needs and barriers to service of the identified population, to identify the affirmative

or proactive activities the applicant will conduct to reach the identified population, to list key community partners or organizations to assist with the identified population, to describe plans to sustain this activity, to identify how progress towards reaching the identified population will be measured, to identify how barriers towards progress will be addressed, and, if possible, to describe how the project can identify and report on disparities among the identified population. Reviewers are asked to rate the responses provided to each of the sub-questions.

- e. Inclusion of Individuals with Developmental Disabilities (0-15 Points): Applicants are asked to describe how the project will include individuals with disabilities and family members in the project's activities and to identify if there are paid or unpaid roles for individuals with disabilities. Reviewers are asked to score the section based on whether they believe the project includes appropriate efforts to include individuals with disabilities and their family members in project activities.
- f. Budget & Budget Explanation (0-5 Points): Applicants are asked to provide a proposed budget based on eight (8) categories which include Personnel with Fringe Benefits, Personnel without Fringe Benefits, Contracted or Subcontracted Services, Travel, Supplies and Publications, Space or Rental Costs, Other Direct Costs, Volunteer Services or Indirect Costs. Applicants are also asked to include an explanation or justification for how budget items were estimated or calculated. Reviewers will examine this section for appropriateness.
- g. Project Outcomes and Activities (0-10 Points): Applicants are asked to identify outcomes that will be achieved throughout a grant year, to describe activities that will be performed to achieve each outcome, to identify project staff who will be responsible for each activity, and to provide a clear timeline of expected achievement of activities and outcomes. Applicants are also asked to identify performance measures they intend to achieve through project activities and outcomes. Reviewers are asked to score this section based on whether the project includes the appropriate performance targets and target numbers, whether each activity and performance target is relevant to the outcome, and whether the application adequately describes responsibilities for activities and outcomes and provides a clear timeline.

The authority to award or decline an application for this project lies with the grant review panel.

6) Federal Award Administration Information:

Successful applications will be notified in writing within 5 business days of the scheduled grant review. This notification is considered a pre-award notification and is not an authorization to begin work on the project. This notification may include additional terms and conditions that must be satisfied prior to a Notice of Grant Award. Once all terms and conditions are satisfied, the successful applicant will receive a Notice of Grant Award signed by the executive director of the Ohio Developmental Disabilities Council that includes the Project Title, Project Number, Federal Funding Award, Matching Funding Requirement, and instructions on how to accept the award in DD Suite.

Applications that are not successful will be notified in writing within 5 business days of the scheduled grant review.

The successful applicant will be required to submit periodic program and expense reports. Program and expense reports are due on the last business day of the month that follows the end of a project reporting period. Projects that receive a federal award of \$15,000 or less are required to submit a program and expense report once per year. Projects that receive a federal award of \$50,000 or less are required to submit program and expense reports twice per year. Projects that receive a federal award of \$50,001 or more are required to submit program and expense reports on a quarterly basis.

7) Contact Information:

All inquiries related to the programmatic requirements of this project may be directed to Paul Jarvis at (614) 644-5545, or by e-mail at paul.jarvis@dodd.ohio.gov. Inquiries related to the fiscal requirements of this project may be directed to Robin Shipp at (614) 644-5544, or by e-mail at robin.shipp@dodd.ohio.gov.

Inquiries may also be sent by fax to (614) 466-0298, or by mail to 899 E. Broad St., Ste. 203, Columbus, OH 43205.

8) Optional Information:

The Ohio Developmental Disabilities Council is not required to make an award for this project. Any award made by the Council is subject to the availability of federal funds.

All information provided by the applicant, including the ideas, concepts or any proprietary information contained in the application will be retained as a public record.
