

2015 State Plan Amendment

Plan Year Being Amended: 2015

Title: Products & Activities

Approved by: Executive Committee:

Approved by full Council on:

Effective Date: June 30, 2015

Rationale:

In the current State Plan Language for the Public Awareness Project it states the following:

“Council’s products must educate, train and provide valuable information important to and about people with developmental disabilities and their families. It is imperative that Council’s products promote issues in ways that the public can easily relate to and understand. Products developed so that the public recognizes the value of people with disabilities as contributors to our shared communities, including those in unserved and/or underserved communities.”

Currently, products have been widely disseminated and as such other entities have requested Council assist them in development of various brochures and other informational documents. Currently the grantee is being asked to develop, print or both for a variety of groups, particularly those in the area of self-advocacy. Examples are as follows:

- Print brochures for Advocacy United
- Development of Employment First logo
- Video was created using Council Members regarding involvement of people with disabilities in the Planning Process and others would a copy as well as place it on YouTube.
- Another video will be created to address the issue of people with disabilities who have moved into the community from a variety of segregated settings and the positive stories they tell.
- Robert Rules of Order – Complete a simplified version to disseminate widely.
- Acronym poster will be completed and disseminated widely.
- Reprint of additional community employment booklets

Modification:

Amend the 2015 State Plan for Public Awareness-Products and Activities to include an additional \$30,000.00 to complete work and cover additional requests.

Federal funds:	\$30,000
Match funds:	<u>10,000</u>
	\$40,000
