- Council staff successfully completed the Bidder's conference on May 12 and 19th. Successfully.
- June grant panel training tomorrow at full Council. Council members who will be participating on grant review panels for new grants for 2021~~~2026

Agenda Items

Mike Denlinger's Outreach Initiative

- Mike discusses his ideas for his statewide outreach initiative that he would like to collaborate with the outreach committee. He also discussed that he would like this to include full council. So it was determined that the outreach committee would pursue this effort in future outreach meeting.

- Outreach Section—Section Four/Un/Underserved

Ken Latham explains to committee members who will be participating on grant review panels the area of section four, and why it is important, and that it was implemented through the outreach committee on all Council grant applications. We discussed all nine questions in that section.

- Outreach Strategies/Council members/Grantees, and Staff

The outreach committee finally discussed different strategies that would include infrastructure of council that could assist with the increase inclusion of people of diverse color,

ethnicity, nationally, and races. This effort would be spearheaded by council members, grantees, and staff. Through town hall meetings, and various activities provided by council. These discussions will continue in future outreach meetings.

There was no further business.
